### **Auditors' Report to the Directors**

We have audited the annexed balance sheet of the **Citibank, N.A. – Pakistan Branches** (incorporated in the U.S.A with liability of the members being limited) as at December 31, 2008 and the related profit and loss account, cash flow statement and statement of changes in equity together with the notes forming part thereof (here-in-after referred to as the 'financial statements') for the year then ended, and we state that we have obtained all the information and explanations which, to the best of our knowledge and belief, were necessary for the purposes of our audit.

It is the responsibility of the branches' management to establish and maintain a system of internal control, and prepare and present the financial statements in conformity with approved accounting standards and the requirements of the Banking Companies Ordinance, 1962 (LVII of 1962), and the Companies Ordinance, 1984 (XLVII of 1984). Our responsibility is to express an opinion on these statements based on our audit.

We conducted our audit in accordance with the International Standards on Auditing as applicable in Pakistan. These standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of any material misstatement. An audit includes examining, on a test basis, evidence supporting amounts and disclosures in the financial statements. An audit also includes assessing accounting policies and significant estimates made by management, as well as, evaluating the overall presentation of the financial statements. We believe that our audit provides a reasonable basis for our opinion and after due verification, which in the case of loans and advances covered more than 60 percent of the total loans and advances of the branches, we report that:

- a) in our opinion, proper books of accounts have been kept by the branches as required by the Companies Ordinance, 1984 (XLVII of 1984);
- b) in our opinion:
  - i) the balance sheet and profit and loss account together with the notes thereon have been drawn up in conformity with the Banking Companies Ordinance, 1962 (LVII of 1962), and the Companies Ordinance, 1984 (XLVII of 1984), and are in agreement with the books of account and are further in accordance with accounting policies consistently applied except for the changes as stated in note 8 with which we concur;
  - ii) the expenditure incurred during the year was for the purpose of the bank's business; and
  - iii) the business conducted, investments made and the expenditure incurred during the year were in accordance with the objects of the bank and the transactions of the bank which have come to our notice have been within the powers of the bank;

KPMG Taseer Hadi & Co.

- c) in our opinion and to the best of our information and according to the explanations given to us, the balance sheet, profit and loss account, cash flow statement and statement of changes in equity together with the notes forming part thereof conform with approved accounting standards as applicable in Pakistan, and give the information required by the Banking Companies Ordinance, 1962 (LVII of 1962), and the Companies Ordinance, 1984 (XLVII of 1984), in the manner so required and give a true and fair view of the state of the branches' affairs as at December 31, 2008 and its true balance of the profit, its cash flows and changes in equity for the year then ended; and
- d) in our opinion, Zakat deductible at source under the Zakat and Ushr Ordinance, 1980 (XVIII of 1980), was deducted by the bank and deposited in the Central Zakat Fund established under section 7 of that Ordinance.

## Notes to the Financial Statements

*For the year ended December 31, 2008*

### **1. STATUS AND NATURE OF BUSINESS**

Citibank, N.A. - Pakistan Branches (the bank) operates as a branch of Citibank, N.A., which is incorporated and domiciled in the U.S.A. and is a member of Citigroup Inc. The ultimate holding company of the bank is Citigroup Inc.

The bank is engaged in banking activities permissible under the Banking Companies Ordinance, 1962. Its registered office is at State Life Building No.1, I.I. Chundrigar Road, Karachi and presently operates through 26 branches (December 31, 2007: 26 branches) in Pakistan.

### **2. BASIS OF PRESENTATION**

In accordance with the directives of the Federal Government regarding the shifting of the banking system to Islamic modes, the State Bank of Pakistan has issued various circulars from time to time. Permissible forms of trade related modes of financing includes purchasing of goods by banks from their customers and immediate resale to them at appropriate mark-up in price on deferred payment basis. The purchase and sale arising under these arrangements are not reflected in these financial statements as such but are restricted to the amount of facility actually utilized and appropriate portion of mark-up there on.

### **3. STATEMENT OF COMPLIANCE**

These financial statements have been prepared in accordance with approved accounting standards as applicable in Pakistan. Approved accounting standards comprise of such International Financial Reporting Standards (IFRSs) issued by the International Accounting Standards Board as are notified under the Companies Ordinance, 1984, provisions of and directives issued under the Companies Ordinance, 1984, Banking Companies Ordinance, 1962 and the directives issued by the State Bank of Pakistan (SBP). In case the requirements differ, the provisions of and directives issued under the Companies Ordinance, 1984 and Banking Companies Ordinance, 1962 and the directives issued by the SBP shall prevail.

The State Bank of Pakistan has deferred the applicability of International Accounting Standard 39 - Financial instruments: Recognition and Measurement (IAS 39) and International Accounting Standard 40 - Investment Property (IAS 40) through BSD Circular No. 10 dated August 26, 2002. Further, applicability of IFRS 7 - "Financial Instruments - Disclosure" has been deferred by the Securities and Exchange Commission of Pakistan (SECP) through its notification dated April 28, 2008. Accordingly, the requirements of these standards have not been considered in preparation of these financial statements. However, investments have been classified and valued in accordance with the categories prescribed by the SBP through various circulars.

During the year, "IFRIC 9 - Reassessment of embedded derivatives", "IFRIC 11 - IFRS 2 - Group and Treasury Share Transaction", "IFRIC 12 - Service Concession Arrangements" and "IFRIC 14, IAS 19 - The Limit on Defined Benefit Asset Minimum Funding Requirements and their interaction", became effective. These standards are either not relevant or do not have material impact except for the effect of IFRIC 11 which has been discussed in more detail in note 8.

#### **4. BASIS OF MEASUREMENT**

These financial statements have been prepared under the historical cost convention except that available for sale, trading and derivative financial instruments are measured at fair value.

#### **5. USE OF ACCOUNTING ESTIMATES AND JUDGMENTS**

The preparation of financial statements in conformity with approved accounting standards requires management to make judgments, estimates and assumptions that affect the reported amounts of assets, liabilities, income and expenses. Actual results may differ from these estimates. These estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised if the revision affects only that period, or in the period of revision and future periods if the revision affects both current and future periods.

Significant accounting estimates and areas where judgments were made by the management in the application of accounting policies are disclosed in note 45 to these financial statements.

#### **6. FUNCTIONAL CURRENCY AND PRESENTATION CURRENCY**

These financial statements are presented in Pakistan Rupees which is the bank's functional and presentation currency. All financial information presented in Pakistan Rupees has been rounded to the nearest thousand, except as indicated.

#### **7. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

The principal accounting policies applied in the preparation of these financial statements are set out below. These policies have been consistently applied to all periods presented in these financial statements except for that highlighted in note 8.1. In addition, note 48 to these financial statements discusses the effect (if any) of the accounting standards, interpretations and amendments to published approved accounting standards that are not yet relevant and not yet effective.

##### **7.1 Cash and cash equivalents**

Cash and cash equivalents for the purpose of cash flow statement represent cash and balances with treasury banks, balances with other banks and overdrawn accounts.

## 7.2 Lendings to / borrowings from financial institutions

### (a) Sale under repurchase agreements

Securities sold with a simultaneous commitment to repurchase at a specified future date (repos) continue to be recognised in the financial statements as investments and the counterparty liability for amounts received under these agreements is included in borrowings from financial institutions. The difference between sale and repurchase price is recognised over the period of transaction as an expense using the effective interest method.

### (b) Purchase under resale agreements

Securities purchased with a corresponding commitment to resell at a specified future date (reverse repos) are not recognised as investments in the balance sheet. Amounts paid under these agreements are included in lendings to financial institutions. The difference between purchase and resale price is recognised over the period of transaction as income using the effective interest method.

### (c) Other lendings / borrowings

These are recorded at the proceeds received / paid. Markup received / paid is charged to the profit and loss account over the period on accrual basis.

## 7.3 Investments

The bank classifies its investments as follows:

### (a) Held for trading

These are securities, which are either acquired for generating a profit from short-term fluctuation in market prices, interest rate movements, dealers margin or are securities included in a portfolio in which a pattern of short-term profit making exists.

### (b) Held to maturity

These are securities with fixed or determinable payments and fixed maturity in respect of which the bank has the positive intent and ability to hold them till maturity.

### (c) Available for sale

These are investments that do not fall under the held for trading or held to maturity categories.

Investments other than those categorised as held for trading are initially recognised at fair value which includes transaction costs associated with the investment. Investments classified as held for trading are initially recognised at fair value, and transaction costs are expensed in the profit and loss account. Held to maturity securities are carried at amortised cost.

All purchases and sales of investments that require delivery within the time frame established by regulation or market convention are recognised at trade date. Trade date is the date on which the bank commits to purchase and sell the investments.

The surplus / deficit arising on quoted securities classified as available for sale is kept in a separate account shown in the balance sheet below equity. Surplus / deficit arising on revaluation of the bank's held for trading investment portfolio is taken to the profit and loss account.

Investment in unquoted equity securities are stated at cost less impairment.

Provision for impairment in the value of securities is made after considering impairment, if any, in their value.

The difference between the face value and purchase price is amortised over the remaining life of the investment using effective yield method, in order to determine amortised cost.

Gain and loss on disposal of investments is taken to profit and loss account.

#### **7.4 Advances**

Advances are stated net of general and specific provision. Provisions against advances are determined on the basis of Prudential Regulations and other directives issue by the State Bank of Pakistan and charged to the Profit and loss account.

Consumer advances are written off not later than a pre-determined number of days past due, primarily on a contractual basis, or when warranted. Corporate advances are written off when there is no realistic prospect of recovery.

#### **7.5 Operating fixed assets**

##### *Tangible*

Fixed assets are carried at cost less accumulated depreciation and impairment losses, if any, except leasehold land which is stated at cost.

Capital work in progress is stated at cost less impairment losses, if any.

##### *Intangible*

Intangible assets having a finite useful life are carried at cost less accumulated amortization and impairment losses, if any.

##### *Depreciation*

The cost of fixed assets is depreciated over the useful lives of the related assets using the straight line method at the rates specified in note 14.2. Depreciation on additions is charged for the whole month if the assets are purchased before 15th day of the month while no depreciation is charged in the month in which the assets are disposed off.

Residual values, useful lives and depreciation methods are reviewed and adjusted, if required, annually.

#### *Subsequent costs*

Major renewals and improvements are capitalized and the assets so replaced, if any, are retired. Normal repairs and maintenance are charged to the profit and loss account as and when incurred.

Gain and loss on disposal of fixed assets is taken to profit and loss account.

#### *Amortization*

The cost of the intangible assets is amortized over the useful lives of the related assets using the straight line method at the rate specified in note 14.3.

### **7.6 Impairment**

The carrying amount of assets are reviewed at each balance sheet date for impairment whenever events or changes in circumstances indicate that the carrying amounts of the assets may not be recoverable. If such indication exists, and where the carrying value exceeds the estimated recoverable amount, assets are written down to their recoverable amount. The resulting impairment loss is taken to the profit and loss account.

### **7.7 Taxation**

Income tax expense comprises of current and deferred tax. Income tax expense is recognised in profit and loss account except to the extent that it relates to items which are directly recognised in equity, in such cases, the relating income tax is also directly recognised in equity.

#### *Current*

Provision for current taxation is based on taxable income for the year determined in accordance with the prevailing laws for taxation on income. The charge for current tax also includes adjustments, where considered necessary relating to prior years, which arises from assessments / developments made during the year.

#### *Deferred*

Deferred tax is recognised using balance sheet liability method on all temporary differences between the amounts attributed to assets and liabilities for financial reporting purposes and amounts used for taxation purposes. Deferred tax is calculated at the rates that are expected to apply to the period when the differences are expected to reverse, based on tax rates that have been enacted or substantively enacted at the balance sheet date.

Deferred tax assets are recognised only to the extent that it is probable that future taxable profits will be available against which the assets can be utilised.

The carrying amount of deferred tax asset is reviewed at each balance sheet date and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all

or part of the deferred tax asset to be utilised.

## **7.8 Provisions**

Provisions are recognised when the bank has a legal or constructive obligation as a result of past events, it is probable that an outflow of resources will be required to settle the obligation and reliable estimate of the amount can be made. Provisions are reviewed at each balance sheet date and are adjusted to reflect the current best estimates.

## **7.9 Staff retirement benefits**

### *Defined benefit plan*

The bank operates an approved funded gratuity scheme for all its permanent employees. Expenses relating to the scheme are recognised and contributions to the fund are made based on actuarial recommendations.

A portion of actuarial gains and losses is recognised over the expected average remaining working lives of employees if the net cumulative unrecognised actuarial gains and losses at the end of previous reporting period exceed the "corridor" defined as greater of:

- (a) 10% of the present value of the defined benefit obligation at that date (before deducting plan assets), and
- (b) 10% of the fair value of plan assets at that date.

The most recent actuarial valuation was carried out as at December 31, 2008 using the Projected Unit Credit Actuarial Cost method.

### *Defined contribution plan*

The Bank also operates an approved provident fund scheme for all its permanent employees. Equal monthly contributions are made to the fund both by the bank and its employees.

## **7.10 Share based payments**

The Bank offers two types of share based incentive plans which are Stock Award and Stock Option programmes. Under these plans, the share / option of the holding company are granted by the holding company to high performing employees. Pursuant to a separate agreement the bank makes a cash settlement to Citigroup Inc. for the value of the share-based incentive awards delivered to the bank's employees under these plans.

On 1 January 2008 bank adopted IFRIC 11 - "IFRS 2 Group and Treasury Share Transactions" which resulted in the bank moving to equity-settled accounting for its share based incentive plans, with separate accounting for its associated obligations to make payments to Citigroup Inc.

Previously the bank applied cash-settled accounting to the combination of the share based incentive plans and the associated obligation to Citigroup Inc. The bank now recognises the fair value of the awards at grant date as compensation expense over the vesting period with a corresponding credit in equity as a capital contribution from Citigroup Inc. All amounts paid to Citigroup Inc and the associated obligation are recognised in equity over the vesting period.

Previously such amounts were recognised in the income statement over the vesting period.

Fair value of the shares awarded under the stock award programme, on the grant date and on each measurement date, is determined with reference to the price quoted on the New York Stock Exchange.

#### **7.11 Revenue recognition**

Mark-up / return / interest on advances and investments is recognized on an accrual basis using effective interest method, except in the case of non-performing advances where income is recognised on receipt basis in compliance with the Prudential Regulations issued by the State Bank of Pakistan.

Fee and commission are recognised as and when services are performed.

Gains and losses on sale of investments and operating fixed assets are recognised in the profit and loss account when the risks and rewards of ownership are transferred.

Dividend income is recognised when the bank's right to receive the benefit has been established.

#### **7.12 Derivative financial instruments**

Derivative financial instruments are initially recognised at fair value on the date on which the derivative contract is entered into and are subsequently remeasured at fair value. All derivative financial instruments having positive fair value are carried as assets and instruments having negative fair value are carried as liabilities. Any change in the fair value of derivative financial instruments is taken to profit and loss account.

#### **7.13 Financial assets and financial liabilities**

The bank initially recognises financial assets and liabilities on the date at which they originate except for investments which are recognised on the trade date.

Financial assets are derecognised when the contractual rights to the cash flows from the asset expire or are transferred. The bank also enters into transactions whereby it transfers assets recognised on its balance sheet, but retains either all or part of the risks and rewards of the transferred assets. If all or substantially all risks and rewards are retained, then the transferred assets are not derecognised from the balance sheet.

Financial liabilities are derecognised when the contractual obligations expire, or are discharged or cancelled.

#### **7.14 Foreign currencies**

Foreign currency transactions are recorded at the exchange rates prevailing on the transaction date. All monetary assets and liabilities in foreign currencies are revalued daily into rupees using spot exchange rates published by the State Bank of Pakistan. The forward foreign exchange contracts and swaps are valued using forward rates applicable to their respective remaining maturities.

Exchange gains and losses are included in income currently, except for gain or loss arising on revaluation of capital account which is taken to equity.

Commitments for outstanding forward foreign exchange contracts are disclosed in the financial statements at contracted rates. Contingent liabilities / commitments for letters of credit and letters of guarantee denominated in foreign currencies are expressed in rupee terms at the rates of exchange ruling on the balance sheet date.

## **7.15 Segment reporting**

A segment is a distinguishable component of the bank that is engaged either in providing product or services (business segment), or in providing products or services within a particular economic environment (geographical segment), which is subject to risk and rewards that are different from those of the other segments. The operations of the bank are currently based in Pakistan, therefore geographical segment is not relevant.

### **7.15.1 Business segments**

#### *Trading and sales*

It includes fixed income, foreign exchange, funding, own position securities, lending, borrowing and derivatives.

#### *Retail banking*

It includes retail lending, deposits, banking services and credit card business.

#### *Corporate banking*

Corporate banking includes syndicated financing and services provided in connection with merger and acquisitions, project finance, export finance, trade finance, short-term and long-term lending, bill discounting and negotiation, letter of credit, acceptances, guarantees and deposits.

## **7.16 Offsetting**

Financial assets and financial liabilities are offset and the net amount reported in the financial statements only when there is a legally enforceable right to offset the recognised amounts and the bank intends either to settle on a net basis, or to realize the asset and settle the liability simultaneously.

## **7.17 Assets acquired in satisfaction of claims**

The bank occasionally acquires vehicles and other assets in settlement of certain advances. These are stated at the lower of related advances and the current fair value of such assets. Gains or losses on disposal and unrealized losses on revaluation are recognised in income currently.

## 7.18 Acceptances

Acceptances comprise undertakings by the bank to pay bills of exchange drawn on customers. The bank expects most acceptances to be simultaneously settled with the reimbursement from the customers. Acceptances are accounted for as off balance sheet transactions and are disclosed as contingent liabilities and commitments.

## 8. CHANGE IN ACCOUNTING POLICY

### 8.1 Shared based compensation

On 1 January 2008 the bank adopted IFRIC 11 - "IFRS 2 Group and Treasury Share Transactions" which resulted in the bank moving to equity-settled accounting for its share based incentive plans, with separate accounting for its associated obligations to make payments to its ultimate holding company i.e. Citigroup Inc. For details please also refer to note 7.10.

The change in accounting policy has been applied retrospectively and accordingly corresponding figures in respect of profit for the year and equity have been restated for the year ended December 31, 2007. Earlier than December 31, 2007 have not been adjusted as these are not considered to be material.

Had the accounting policy not been changed, amounts in respect of profit after tax for the year and unappropriated profit would have been higher by Rs. 29.001 million each (2007: Rs. 46.784 million each) and the share based payment reserves would have been lower by the same amount.

8.2 Furthermore the following corresponding figures (for the year ended December 31, 2007) have been restated due to the above retrospective application of the change in accounting policy.

	<b>Amount as originally stated</b>	<b>Effect of change in accounting policy</b>	<b>Restated balance</b>
	-----	(Rupees '000)	-----
Equity - Share based payment contribution reserve by the ultimate holding company (net of tax)	-	46,784	46,784
Salaries, allowance, etc. (Profit and loss account)	(1,279,048)	(71,975)	(1,351,023)
Net tax charge for the year - current year	1,355,835	(25,191)	1,330,644
Profit before tax	1,202,914	(71,975)	1,130,939

Long term (for over one year)	21,918,908	26,075,187
	<b>43,635,814</b>	<b>50,912,294</b>

13.2 Advances include Rs.1,955.724 million (2007: Rs.1,044.729 million) which have been placed under non-performing status as detailed below:

Category of classification	2008			2007		
	Classified advances	Provision required	Provision held	Classified advances	Provision required	Provision held
	------(Rupees '000)-----					
Substandard	842,363	223,914	223,914	509,354	391,850	391,850
Doubtful	299,872	180,502	180,502	10,533	5,266	5,266
Loss	813,489	769,567	769,567	524,842	524,842	524,842
	<b>1,955,724</b>	<b>1,173,983</b>	<b>1,173,983</b>	1,044,729	921,958	921,958

13.2.1 The State Bank of Pakistan vide BSD Circular No. 2 dated January 27, 2009 has allowed banks to take benefit of Forced Sale Value (FSV) while determining provisioning requirements. The banks can take benefit of 30 percent FSV of pledged stocks, mortgaged commercial and residential properties held as collateral against all non-performing loans (NPLs) (excluding consumer housing finance portfolio) for three years from the date of classification for calculating provisioning requirement. In case of advances given under consumer housing finance portfolio, the benefit of FSV would be 50 percent for the first and second year where as 30 percent allowable for the third year from the date of classification. Benefit of FSV shall not be available after three years from the date of classification. As a result the bank has accounted for Rs. 66.048 million of FSV of eligible collateral while determining the required provision amount. Increase in profit is not available for distribution.

Had the provision against non-performing loans and advances been determined in accordance with the requirement previously laid down by SBP, the specific provision against non-performing loans and advances would have been higher and consequently profit before taxation and advances (net of provisions) as at December 31, 2008 would have been lower by approximately Rs. 66.048 million.

### 13.3 Particulars of provision against non-performing advances

	2008			2007		
	Specific	General	Total	Specific	General	Total
	------(Rupees '000)-----

Less: Related deferred tax asset 15	<b>266,355</b>	28,738
	<b>(494,658)</b>	(53,371)

### **24. CONTINGENCIES AND COMMITMENTS**

#### **24.1 Direct credit substitutes**

Includes general guarantees of indebtedness, bank acceptance guarantees and standby letters of credit serving as financial guarantees for loans and securities.

(i) Government	<b>12,121</b>	8,831
(ii) Banking companies and other financial institutions	<b>79,614</b>	2,594,171
(iii) Others	<b>2,835,467</b>	192,044
	<b>2,927,202</b>	2,795,046

## 24.2 Transaction-related contingent liabilities

Includes performance bonds, bid bonds, warranties, advance payment guarantees, shipping guarantees and standby letters of credit related to particular transactions:

	2008	2007
	(Rupees '000)	
(i) Government	1,161,956	1,334,820
(ii) Banking companies and other financial institutions	97,167	4,613
(iii) Others	2,218,121	2,604,822
	<u>3,477,244</u>	<u>3,944,255</u>

## 24.3 Trade-related contingent liabilities

Includes short-term self liquidating trade related contingent liabilities arising from the movement of goods, such as documentary credits where the underlying shipment is used as security.

Letters of credit	<u>17,218,899</u>	<u>21,901,504</u>
-------------------	-------------------	-------------------

## 24.4 Other contingencies

Indemnity issued	15,484	15,484
Claims not acknowledged as debt	229,601	1,684
	<u>245,085</u>	<u>17,168</u>

These are not recognised as debt as the probability of these crystallising against the bank is considered remote.

## 24.5 Commitments in respect of forward transactions

Forward agreement lending (reverse repos)	<u>14,188,450</u>	<u>3,862,398</u>
Forward agreement borrowings (repos)	<u>497,928</u>	<u>1,892,260</u>
Uncancellable commitments to extend credit	<u>400,000</u>	<u>650,000</u>

## 24.6 Commitments in respect of forward exchange contracts

Purchase	<u>112,481,147</u>	<u>114,967,483</u>
Sale	<u>68,350,414</u>	<u>109,460,801</u>

The bank utilises foreign exchange instruments to meet the needs of its customers and as part of its asset and liability management activity to hedge its own exposure to currency risk.

		<b>2008</b>	2007
		<b>(Rupees '000)</b>	
<b>24.7</b>	<b>Commitments in respect of operating leases</b>		
	Not later than one year	<b>6,193</b>	9,987
	Later than one year but not later than five years	<b>4,896</b>	11,589
		<u><b>11,089</b></u>	<u>21,576</u>
<b>24.8</b>	<b>Other commitments</b>		
	Interest rate derivative contracts (notional amount)	<i>25.1</i> <b>53,332,586</b>	<u>59,063,686</u>
	Foreign currency options	<i>25.1</i> <b>35,611,738</b>	<u>64,413,044</u>

## **25. DERIVATIVE INSTRUMENTS**

A derivative financial instrument is a contract the value of which is determined by reference to one or more underlying financial instruments, reference rates or indices. Forward contracts, options and swaps are the most common type of derivatives. Also included in derivatives are structured financial products that have one or more characteristics of forwards, futures, swaps and options.

The Bank enters into derivatives contracts for market making and for creating effective hedges to enable customers and the bank to transfer, modify or reduce their interest rate and foreign exchange risks. The bank as an Authorized Derivative Dealer (ADD) is an active participant in the derivative market of Pakistan.

Overall responsibility for derivatives trading activity lies with the treasury. Existence of an independent market risk function together with the Asset Liability Committee (ALCO) assists in the identification and quantification of risks on derivatives. This involves:

- co-ordinating approvals of market risk limits;
- formulation of policies and procedures with respect to market risk; and
- monitoring of market risk and credit risk exposure.

Treasury operations records transactions in the books, while finance reports the price and liquidity information independently.

The risk embedded in derivatives transactions is discussed in note 44.

### **36. DEFINED BENEFIT PLAN**

#### **36.1 General description**

All permanent employees with a minimum service period of five years or more with the bank are entitled to end of service benefits calculated at 130 percent of basic salary for each year of service with the bank. The assets of the funded plan are held independently in a separate trustee administered fund.

#### **36.2 Principal actuarial assumptions**

The latest actuarial valuation was carried out as at December 31, 2008 using the Projected Unit Credit Method. The main assumptions used for the actuarial valuation were as follows:

	<b>2008</b>	2007
Discount rate	<b>15%</b>	10%
Estimated return on plan assets of the fund - per annum	<b>15%</b>	10%
Estimated salary increase - per annum	<b>10%</b>	10%
Estimated service length of the employees	<b>12 years</b>	11 years

#### **36.3 Reconciliation of payable to defined benefit plan**

	<b>(Rupees '000)</b>	
Present value of defined benefit obligations	<b>185,670</b>	299,510

**36.10 Components of plan assets as a percentage of total plan assets**

	2008	2007
Government securities	98.9%	80.4%
Others (including bank balances)	1.1%	19.6%
	<u>100.0%</u>	<u>100.0%</u>

**36.11** The expected contribution to the gratuity fund for the next year commencing January 1, 2009 is Rs. 41.440 million (2008: Rs. 72.102 million).

**37. DEFINED CONTRIBUTION PLAN**

All permanent employees of the bank are entitled to end of service benefits through a recognised provident fund, whereby the bank and all permanent employees are required to make monthly contributions to the scheme at 10 percent of basic salary.

**38. SHARE-BASED INCENTIVE PLANS**

The Bank offers a number of share based incentive plans to attract, retain and motivate employees, to compensate them for their contributions to the bank, and to encourage employee stock ownership.

**38.1 Stock option programme**

Information with respect to stock option activity under the stock option programme is as follows:

	2008		2007	
	Options (Number of shares)	Weighted average share price \$ USD	Options (Number of shares)	Weighted average share price \$ USD
Outstanding at the beginning of the year	80,197	38.94	67,641	41.86
Granted	-	-	-	-
Forfeited	(31,075)	43.34	(812)	40.40
Exercised	-	-	(7,106)	38.03
Transfers	(12,892)	41.55	20,474	29.03
Expired	(12,752)	21.92	-	-
Outstanding at the end of the year	<u>23,478</u>	<u>40.93</u>	<u>80,197</u>	<u>38.94</u>
Exercisable at the end of year	<u>23,478</u>	<u>40.93</u>	<u>80,197</u>	<u>38.94</u>

No share options were exercised during the year. The weighted average share price at the exercise date for options exercised in 2007 was \$ USD 51.50.

The following table summarises the information about stock options outstanding under the programme at December 31, 2008:

Range of exercise prices	Shares Outstanding	Options outstanding		Options exercisable	
		Weighted average contractual life remaining	Weighted average exercise price \$ USD	Number Exercisable	Weighted average exercise price \$ USD
< \$30.00	-	-	-	-	-

### 38.2 Stock award programme

The Bank offers a stock award programme, under which shares are awarded in the form of restricted or deferred stock to certain employees. During the applicable vesting period, the shares awarded cannot be sold or transferred by the employees, and the award is subject to cancellation if the employment is terminated. Stock awards granted generally vest over a four year period.

Information with respect to unvested stock awards is as follows:

	2008		2007	
	Shares	Weighted average share price \$ USD	Shares	Weighted average share price \$ USD
Unvested at the beginning of the year	22,571	51.89	18,002	48.55
Awards	28,518	26.31	14,951	54.43
Cancellations	(10,264)	37.28	(5,664)	53.35
Deletions	-	-	(60)	54.45
Vestings	(1,682)	49.15	(4,658)	48.66
Unvested at the end of the year	<u>39,143</u>	<u>32.92</u>	<u>22,571</u>	<u>51.89</u>

38.3 Net reversal of Rs. 29.001 million (2007: Rs. 46.784 million) was recognised in equity arising mainly due to fair value adjustment as required by IFRS 2 - Share Based Payments. As of December 31, 2008 recognised liability for outstanding share based incentive plans was Rs. 53.298 million (2007 : Rs. 51.202 million). Fair value of shares has been determined on the basis of market value of shares of Citigroup Inc. as at December 31, 2008. i.e. \$ USD 6.71 (2007: \$ USD 29.44) per share.

### 39. COMPENSATION OF CHIEF EXECUTIVE AND EXECUTIVES

	Chief Executive Officer*		Executives	
	2008	2007	2008	2007
	------(Rupees '000)-----			
Managerial remuneration	32,305	34,999	754,960	474,654
Charge for defined benefit plan	894	921	27,213	33,153
Contribution to defined contribution plan	825	850	32,669	30,603
Rent and house maintenance	3,300	3,400	137,676	140,815

Medical	101	63	22,073	6,409
Others	1,084	1,417	7,639	51,139
	<u>39,490</u>	<u>42,891</u>	<u>1,024,919</u>	<u>771,912</u>
Number of persons	<u>2</u>	<u>1</u>	<u>298</u>	<u>283</u>

\* Remuneration of the Chief Executive Officer in the year 2008 includes ex-Chief Executive Officer.

The bank also provides free use of furnished accommodation to the Chief Executive and bank maintained cars to the Chief Executive and certain Executives.

#### 40. FAIR VALUE OF FINANCIAL INSTRUMENTS

The fair value of traded investments other than those classified as held to maturity is based on quoted market price. Fair value of unquoted equity investments is determined on the basis of break-up value of these investments as per the latest available audited financial statements.

Fair value of fixed term loans, other assets, other liabilities and fixed term deposits cannot be calculated with sufficient reliability due to absence of current and active market for assets and liabilities and reliable data regarding market rates for similar instruments. The provision for impairment of loans and advances has been calculated in accordance with the bank's accounting policy as stated in note 7.4 to these financial statements.

The repricing profile, effective rates and maturity are stated in note 44 to these accounts.

In the opinion of the management, the fair value of the remaining financial assets and liabilities are not significantly different from their carrying values since assets and liabilities are either short term in nature or in the case of customer loans and deposits are frequently repriced.

#### 41. SEGMENT DETAILS WITH RESPECT TO BUSINESS ACTIVITIES

The segment analysis with respect to business activity is as follows:

	2008			
	Trading & Sales	Retail Banking	Corporate Banking	Total
	------(Rupees '000)-----			
Total Income	3,270,362	6,209,387	4,009,954	13,489,703

## 43. CAPITAL-ASSESSMENT AND ADEQUACY

### 43.1 Capital Management

The bank manages its capital under the Basel II Standardised approach. The bank has adopted Standardized Approach for credit and market risk whereas Basic Indicator Approach has been adopted for the operational risk under the Basel II accord.

The objective of managing capital is to safeguard the bank's ability to continue as a going concern, so that it could continue to provide adequate returns to investors by pricing products and services commensurately with the level of risk. It is the policy of the bank to maintain a strong capital base so as to maintain investor, creditor and market confidence and to sustain future development of the business.

#### Statutory minimum capital requirement and management of capital

The State Bank of Pakistan through its BSD Circular No. 19 dated September 05, 2008 has prescribed the minimum paid-up capital (net of losses) for Banks / Development Finance Institutions to be raised to Rs.23 billion by the year ending December 31, 2013. The raise is to be achieved in a phased manner requiring Rs. 5 billion capital (net of losses) by the end of the financial year 2008.

Minimum paid-up capital (net of losses) deadline by which to be increased is as follows:

Rs.5 billion	December 31, 2008
Rs.6 billion	December 31, 2009
Rs.10 billion	December 31, 2010
Rs.15 billion	December 31, 2011
Rs.19 billion	December 31, 2012
Rs.23 billion	December 31, 2013

The Head office capital account of the bank for the year ended December 31, 2008 stood at Rs 7.742 billion and is in compliance with the SBP requirement for the said year. In addition the banks are also required to maintain a minimum Capital Adequacy Ratio (CAR) of 9% of the risk weighted exposure of the bank. The bank's CAR as at December 31, 2008 was 13.49% of its risk weighted exposure.

#### 43.2 Capital Structure

The Bank's regulatory capital is analyzed into three tiers:

- Tier I capital, which includes head office capital under sub-section 3 of section 13 of the Banking Companies Ordinance, 1962, other reserves and retained profit. Goodwill, intangibles and revaluation deficit on securities are deducted from Tier I capital.
- Tier II capital includes general provision or general reserves for loan losses (up to a maximum of 1.25% of risk weighted assets and revaluation of securities (up to a maximum of 45% of balance).
- Tier III capital - the bank has no eligible Tier III capital.

The Bank has complied with all externally imposed capital requirements throughout the period.

The Capital of the bank can be analyzed as follows:

<b>Regulatory capital base</b>	<b>2008</b>	<b>2007</b>
	<b>Unaudited</b>	
	<b>------(Rupees '000)-----</b>	
<b><i>Tier I Capital</i></b>		
Head office capital account	7,742,345	5,443,260
Unappropriated / unremitted profits (Net of Losses)	1,765,385	936,022
	<b>9,507,730</b>	<b>6,379,282</b>
Less: Deductions		
- Book value of Goodwill and intangibles *	(131,123)	(13,977)
- Deficit on account of revaluation of investments held in AFS category	(761,013)	(82,109)
	<b>(892,136)</b>	<b>(96,086)</b>
<i>Total Tier I Capital</i>	<b>8,615,594</b>	<b>6,283,196</b>
<b><i>Tier II Capital</i></b>		
General Provisions or general reserves for loan losses - up to maximum of 1.25% of Total Risk Weighted Assets - Total Tier II Capital	<b>605,082</b>	<b>842,516</b>
<b><i>Eligible Tier III Capital</i></b>	-	-

\* includes Rs. 90.168 million which pertains to softwares included in capital work-in-progress.

### 43.3 Capital Adequacy

Capital is generally generated via earnings from operating businesses. This is augmented through investment from the head office. Any excess capital is remitted back. The Capital Management process is governed by the bank's Asset & Liability Committee (ALCO). ALCO is responsible for managing bank's capital position vis-à-vis internal as well as regulatory requirements.

Capital is used primarily to support asset growth in the bank's businesses and is sufficient to absorb unexpected market, credit or operational losses.

For credit risk, the capital requirement is based on the risk assessment (hereinafter called credit rating) made by External Credit Assessment Institutions (ECAIs) recognized as eligible by SBP for capital adequacy purposes. Bank then assigns a risk weight individually to all its on-balance sheet and off-balance sheet exposures. Risk weights are based on external rating grade or a fixed weight that is broadly aligned with the likelihood of counterparty default.

For market risk, capital is allocated in respect of the exposure to risks deriving from changes in interest rates, in the banks' trading book, and in respect of exposure to risks deriving from changes in foreign exchange rates in the overall banking activity.

On balance sheet assets held in the trading book are subject to only market risk capital requirements and are not subject to credit risk capital requirement. On balance sheet assets held outside trading book and funded by another currency and unhedged for foreign exchange risk are subject to both credit and market risk capital requirement. Derivatives, unless they are contracted to hedge positions in the banking book are considered part of trading book and are subject to both credit and market risk capital requirement.

Under Basic Indicator Approach, the capital charge for operational risk is a fixed percentage (12.5%) of average positive annual gross income of the bank over the past three years. Figures for any year in which annual gross income is negative or zero, is excluded from both the numerator and denominator when calculating the average.

The capital requirements for the banking group under the major risk categories is indicated below:-

	Capital Requirements		Risk Weighted Assets	
	2008	Unaudited 2007	2008	Unaudited 2007

#### 43.4 Credit Risk: Disclosures for portfolio subject to the Standardised Approach

Under standardized approach the capital requirement is based on the credit rating assigned to the counterparties by the External Credit Assessment Institutions (ECAIs) duly recognized by SBP for capital adequacy purposes. In this connection, bank utilizes the credit ratings assigned by ECAIs and has recognized agencies such as PACRA (Pakistan Credit Rating Agency), JCR-VIS (Japan Credit Rating Company - Vital Information System), Moody's and Standard & Poors which are also recognized by the SBP.

##### Selection of ECAIs

##### Types of exposures and ECAI's used:

Exposures	JCR-VIS	PACRA	Standard & Poors	Moodys
Corporate	✓	✓	N/A	N/A
Banks	✓	✓	✓	✓
SME's	✓	✓	N/A	N/A
Securitized	N/A	N/A	N/A	N/A
Public Sector Entities (PSEs)	✓	✓	N/A	N/A

##### Use of ECAI Ratings

The bank prefers solicited ratings over unsolicited ratings at all times, owing to the greater degree of accuracy (in general) associated with solicited ratings as compared to unsolicited ratings. Unsolicited ratings may only be used in cases where a solicited rating is not available.

##### Mapping to SBP Rating Grades

The selected final ratings (after application of the principles stated above) for all exposures need to be translated to the standard rating grades given by the SBP. In this regard, the mapping tables to be used for converting ECAI ratings to SBP rating grades are given below:

##### Long – Term Rating Grades Mapping

SBP Rating grade	Fitch	Moody's	S & P	PACRA	JCR-VIS	ECA Scores
1	AAA	Aaa	AAA	AAA	AAA	0
	AA+	Aa1	AA+	AA+	AA+	1
	AA	Aa2	AA	AA	AA	
	AA-	Aa3	AA-	AA-	AA-	
2	A+	A1	A+	A+	A+	2
	A	A2	A	A	A	
	A-	A3	A-	A-	A-	
3	BBB+	Baa1	BBB+	BBB+	BBB+	3
	BBB	Baa2	BBB	BBB	BBB	
	BBB-	Baa3	BBB-	BBB-	BBB-	
4	BB+	Ba1	BB+	BB+	BB+	4
	BB	Ba2	BB	BB	BB	
	BB-	Ba3	BB-	BB-	BB-	
5	B+	B1	B+	B+	B+	5
	B	B2	B	B	B	6
	B-	B3	B-	B-	B-	
6				CCC	CCC	7
		Caa1 and below	CCC+ and below	CC	CC	
				C	C	
					D	

### Short – Term Rating Grades Mapping

SBP Rating Grade	Fitch	Moody's	S & P	PACRA	JCR-VIS
S1	F1	P-1	A-1+	A-1+	A-1+
			A-1	A-1	A-1
S2	F2	P-2	A-2	A-2	A-2
S3	F3	P-3	A-3	A-3	A-3
S4	Others	Others	Others	Others	Others

### Credit Exposures subject to Standardised approach

Exposures	Rating Category	2008			2007 (Unaudited)		
		------(Rupees '000)-----			------(Rupees '000)-----		
		Amount Outstanding	Deduction CRM	Net amount	Amount Outstanding	Deduction CRM	Net amount

CRM= Credit Risk Mitigation

#### 44. RISK MANAGEMENT

The overall risk management framework relies upon the Bank's internal entity wide standards and covers credit, market, operational and liquidity risks, including undertaking, measuring, monitoring and reporting of risks. It may be noted that:

- These standards are governed by specific policies which are defined and documented.
- Risks are measured using defined methodologies.
- Limits for credit, market and liquidity risks are approved by Risk Management, which is "independent" of the Business areas.
- Dedicated risk management and control functions are in place for credit (Corporate and Consumer), market, liquidity and operational risks.

Additionally, Risk Management maintains oversight of the regulatory, economic, reputational and legal risks associated with the above mentioned risk areas.

##### 44.1 Credit risk

This represents the potential for financial loss resulting from the failure of a borrower or counterparty to honour its financial or contractual obligations arising out of activities which include lending, sales and trading, derivatives, securities transaction and settlement.

### Corporate credit risk

This risk is managed through the following:

- Single centre of control for each credit relationship that coordinates credit activities with the borrower.
- Documented target market and portfolio concentration limits that establish the credit appetite and minimum acceptable standards (both borrower and industry specific), provide portfolio diversification and maintain risk/capital alignment.
- Consistent standards for credit origination, documentation and remedial management.
- Maintenance of accurate and consistent borrower risk ratings through use of statistical models (periodically validated) or approved scoring methodologies after taking into consideration the available credit risk mitigants.
- Periodic stress testing of the credit portfolio based on emerging or expected risk events.

### Consumer credit risk

Independent credit risk management is responsible for establishing the Consumer credit policy, approving specific policies and procedures, providing ongoing assessment of Consumer portfolio risk and approving new products. The Consumer Credit Cycle management entails the following:

- Product approval.
- Consistent and prudent underwriting standards.
- Robust account management policies to manage the portfolio.
- Efficient Collection and recovery unit to ensure acceptable loss norms.
- Reliable and accurate Management Information System to support informed decision making.
- Effective anti-fraud controls to minimize fraud losses.

### Credit Risk: Disclosures with respect to Credit Risk Mitigation for Standardized Approach

The bank has adopted the Simple Approach of Credit Risk Mitigation for the Banking Book. In instances where the bank's exposure on an obligor is secured by collateral that conforms to the eligibility criteria under the Simple Approach of CRM, then the bank reduces its exposure under that particular transaction by taking into account the risk mitigating effect of the collateral for the calculation of capital requirement i.e. risk weight of the collateral instrument securing the exposure is substituted for the risk weight of the counter party.

The bank accepts cash, lien on deposits, government securities under the simple approach of Credit Risk Mitigation. The bank has in place detailed guidelines with respect to valuation and management of various collateral types. In order to obtain the credit risk mitigation benefit, the bank uses realizable value of eligible collaterals to the extent of outstanding exposure.

Counterparty ratings are obtained through the two local SBP authorized External Credit Rating Agencies; JCR VIS and PACRA and other international sources such as Standard and Poor's and Moody's. Credit risk assessment and the continuous monitoring of counterparty and portfolio credit exposures is carried out by the Credit Risk Management function.

The wholesale portfolio, which includes corporate and commercial are ideally collateralized by cash equivalents, fixed and current assets including property plant and equipment and land. Loans to individuals are typically secured by autos for car loans and private or income producing real estate is secured by a mortgage over the relevant property.

	------(Rupees '000)-----			
Pakistan	1,130,939	92,468,851	6,325,911	28,640,805

Total assets employed include intra group items of Rs. 7,234.204 million (2007: Rs. 134.896 million).

## 44.2 Market risk

Market risk is the risk of losses arising from fluctuation in the market value of trading and non-trading portfolios. The primary sources of market risk are fluctuation in interest rates and foreign exchange rates.

Market risk is measured in accordance with the Bank's established standards, under which the business is required to establish, with approval from independent market risk management, a market risk limit framework, including risk measures, limits and controls, that clearly defines approved risk profiles and is within the parameters of the Bank's overall risk appetite. In all cases, businesses are ultimately responsible for the market risk they take and for remaining within their defined limits.

The Bank's principal measure of earnings risk to earnings from non-trading portfolios due to interest rate changes is Interest Rate Exposure (IRE). This measures the change in expected Net Interest Revenue from changes in market rates of interest. Market risk in trading portfolios is measured through a complementary set of tools, including factor sensitivities, value-at-risk and stress testing.

The Bank uses the Standardized Measurement Method for determining the capital charge against market risk. This approach covers the Bank's trading portfolios, comprising off-balance sheet transactions including derivatives and securities classified under the trading portfolio.

### 44.2.2 Foreign exchange risk

Foreign Exchange Risk is the risk of loss resulting from adverse movement in exchange rates. Exchange position arising from trading activities are monitored through foreign exchange limits on aggregate and individual basis. Hedging strategies and mark to market valuations are used to mitigate exchange risk resulting from open positions. Overall exchange position risk is maintained in accordance with the regulatory requirements prescribed by the State Bank of Pakistan.

\*Includes head office capital account in United States dollar, unremitted profit and deficit on revaluation of assets in Pakistan rupee.

### 44.2.3 Mismatch of Interest Rate Sensitive Assets and Liabilities

Yield risk is the risk of decline in earnings due to adverse movement of the yield curve.

Interest rate risk is the risk that value of the financial instrument will fluctuate due to changes in the market interest rates. Sensitivity to the interest rate risk arises from mismatches of financial assets and liabilities and off-balance sheet financial instruments that mature or reprice in a given period. The bank manages these mismatches through risk management strategies where significant changes in gap positions can be adjusted.

The position for on-balance sheet financial instruments is based on the earlier of contractual repricing or maturity date. The position for off-balance sheet financial instruments is based on settlement dates.

Effective Yield/ Interest rate %	Total	2008										Non-interest bearing financial instruments
		Exposed to Yield / Interest risk										
		Upto 1 month	Over 1 to 3 months	Over 3 to 6 months	Over 6 months to 1 year	Over 1 to 2 years	Over 2 to 3 years	Over 3 to 5 years	Over 5 to 10 years	Above 10 years

Total liabilities as per note 44.2.4	90,349,975	84,954,811
Add Non Financial Liabilities		
Other liabilities	2,288,780	1,188,129
Total liabilities as per balance sheet	92,638,755	86,142,940

#### 44.3 Liquidity Risk

Liquidity risk is the risk that the bank may be unable to meet a financial commitment to a customer, creditor, or investor when due.

A uniform liquidity risk management policy exists for the bank, under which there is a single set of standards for the measurement of liquidity risk. Management of liquidity is performed on a daily basis by the Treasurer and is monitored by independent risk management with oversight by Country Asset and Liability Committee (ALCO). The objective of ALCO is to monitor and review the overall liquidity and balance sheet positions of the bank.

An annual funding and liquidity plan is approved by ALCO and independent risk management team. The plan includes analysis of the balance sheet, as well as the economic and business conditions impacting the liquidity of the bank. As part of the plan, liquidity limits, ratios and triggers are established and approved.

##### 44.3.1 Maturities of Assets and Liabilities - Based on contractual maturity of the assets and liabilities of the bank

#### **44.4 Operational Risk**

Operational risk is the risk of loss resulting from inadequate or failed internal processes, people or systems, or from external events. Operational risk is inherent in the Bank's activities and as with other risk types is managed through an overall framework with checks and balances that include recognised ownership of the risk by the businesses, independent risk management oversight and independent review by corporate audit. The operational risk policy codifies the core governing principles for operational risk management and provides a framework for operational risk. In accordance with the policy, each business area is responsible to identify its key operational risks as well as the controls established to mitigate those risks and to ensure compliance with laws, regulations, regulatory administrative actions and bank policies.

The operational risk policy and its requirements facilitate the effective communication of operational risks both within and across businesses. Information about the businesses' operational risk, historical losses and the control environment is reported by each major business segment and functional area and summarised for senior management.

The bank has created a strategic framework for information security technology initiatives and has implemented enhancements to various Information Security programs across its business covering Risk Management, Security Incident Response and Electronic Transportable Media. The bank also implemented tools to increase the effectiveness of its data protection and entitlement management.

The business continuity program provides risk analysis and robust support for business resiliency. The office of Business Continuity, with the support of the senior management continued to coordinate preparedness and mitigate business continuity risks by reviewing and testing recovery procedures.

#### **45. ACCOUNTING ESTIMATES AND JUDGMENTS**

The bank makes estimates and assumptions that affect the reported amounts of assets and liabilities within the next financial year. Estimates and judgments are continually evaluated and based on historical experience and other factors, including expectations of future events that are believed to be reasonable under the circumstances. Some of the critical accounting estimates and judgments are as follows:

##### **(a) Provision against loans and advances portfolio**

The bank reviews its loan portfolio to assess amount of non-performing loans and advances and provision required there-against. These provisions may change due to the financial position, etc of the borrower and changes in requirements, effect of which is disclosed in note 13.2.1.

##### **(b) Income taxes**

In making the estimates for income taxes currently payable by the bank, the management looks at the current income tax laws and the decisions of appellate authorities on disputed issues in the past. The bank has made adequate provisions in respect of taxes payable, therefore no amount is shown as a contingent liability of the bank.

**(c) Funded gratuity scheme**

The bank has adopted certain actuarial assumptions as disclosed in note 36.2 to the financial statements for determining present value of defined obligations and fair value of plan assets, based on actuarial advice. Any change in assumptions from actual results would change the amount of unrecognized gain and losses for the year 2008.

**(d) Fair value of derivatives**

The fair value of derivatives which are not quoted in active markets are determined by using valuation techniques. The valuation techniques take into account the relevant interest rates in effect at the balance sheet date and the rates contracted.

**(e) Classification of investments**

- In classifying investments as "held-for-trading" the bank has determined securities which are acquired with the intention to trade by taking advantage of short term market / interest rate movements and are to be sold within 90 days.
- In classifying investments as "held-to-maturity" the bank follows the guidance provided in SBP circulars on classifying non-derivative financial assets with fixed or determinable payments and fixed maturity. In making this judgment, the bank evaluates its intention and ability to hold such investments to maturity.
- The investments which are not classified as "held-for-trading" or "held-to-maturity" are classified as "available-for-sale".

**(f) Operating fixed assets, depreciation and amortization**

The bank's management determines the estimated useful lives and related depreciation charge for its operating fixed assets. The bank reviews the value of the assets for possible impairment on an annual basis. Any change in the estimates in future years might affect the carrying amounts of the respective items of property and equipments with a corresponding affect on the depreciation charge and impairment.

**46. CREDIT RATING**

Following credit ratings have been assigned for Citigroup Inc. (ultimate holding company) and Citibank N.A. New York, by Moody's Investor Services as at the end of February 2009.

	Long term senior debt	Short term senior debt	Outlook
Citigroup Inc	A3	P-1	stable
Citibank, NA	A1	P-1	stable

**47. DATE OF AUTHORISATION**

These financial statements were authorised for issue on \_\_\_\_\_ March 2009 by the management of the

bank.

## 48. GENERAL

### 48.1 Accounting standards, interpretations and amendments to published approved accounting standards that are not relevant and not yet effective

The following standards, amendments and interpretations of approved accounting standards will be effective for accounting periods beginning on or after January 01, 2009:

	<b>Effective date (accounting periods beginning on or after)</b>
- Revised IAS 1 - Presentation of financial statements *	January 01, 2009
- Revised IAS 23 - Borrowing Costs	January 01, 2009
- Revised IAS 27 - Consolidated and Separate Financial Statements	January 01, 2009
- IAS 29 – Financial Reporting in Hyperinflationary Economies	April 28, 2008
- IAS 41 - Agriculture	January 01, 2009
- Revised IFRS 3 - Business Combination	July 01, 2009
- Revised IFRS 5 - Non-current Assets Held for Sale and Discontinued Operations	July 01, 2009
- IFRS 8 - Operating Segments	January 01, 2009
- IFRIC 13 - Customer Loyalty Programs	January 01, 2009
- IFRIC 15 - Agreements for the Construction of Real Estate	October 01, 2009
- IFRIC 16 - Hedges of Net Investment in a Foreign Operation	October 01, 2008
- IFRIC 17 - Distributions of Non Cash Assets to Owners	July 01, 2009
- IFRIC 18 - Transfers of Assets from Customers	July 01, 2009
- The International Accounting Standards Board made certain amendments to existing standards as part of its first annual improvements project. The effective dates for these amendments vary by standard and most will be applicable to the Group / Bank's 2009 financial statements. These amendments are unlikely to have an impact on the Bank's financial statements.	

\* Presentation of financial statements (effective for annual periods beginning on or after 1 January 2009) introduces the term total comprehensive income, which represents changes in equity during a period other than those changes resulting from transactions with owners in their capacity as owners. Total comprehensive income may be presented in either a single statement of comprehensive income (effectively combining both the income statement and all non-owner changes in equity in a single statement), or in an income statement and a separate statement of comprehensive income. The change will be effected once enforced by regulators.

The bank considers that the above standards and interpretations are either not relevant or will have no material impact on its financial statements in the period of initial application other than to the extent of certain changes or enhancements in the presentation and disclosures in the financial statements to the extent that such presentation and disclosure requirements do not conflict with the format of financial statements prescribed by the SBP for banks.

In addition to the above, amendments and improvements to various accounting standards have also been issued by IASB which are generally effective for accounting periods beginning on or after January 01, 2009. The management is in the process of evaluating the impact of such amendments and improvements on the Bank's financial statements for the ensuing periods.
